

## **Free Alaska Vacation for Pastors\***

You read that right!

The Christian owners of Alaska Vacation Packages, Sid and Kathy Cook, have been led by the Lord to offer a free vacation package on a limited, space-available, as-needed basis at their Wolverine Lake facility near Palmer, Alaska. The goal of this is to help individuals in full-time local-church Christian ministry in need of refreshment, especially those needing to be restored physically, emotionally, and spiritually.

The offer includes a fully furnished one-, two-, or three-bedroom cottage and boat and motor. You must pay your way to Alaska, take care of your food, and obtain a rental car (at Alaska Vacation Package's wholesale rate; in some cases a free loaner car may be available). If you are interested, particularly in fishing and hunting, this could be the place for you.

I have not taken advantage of this opportunity myself (Dennis Rainey) but have spent a good amount of time visiting with the Cooks. Check it out! It may be available for only a limited time.
